INDEPENDENT AUDITOR'S REPORT

To the Board of Directors  
Rose Hill Special Utility District  
Terrell, Texas

We have audited the accompanying financial statements of the business-type activities of the Rose Hill Special Utility District ("District), as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## OPINIONS

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the Rose Hill Special Utility District, as of December 31, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## OTHER MATTERS

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 6-9 and 21 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The Texas Supplementary Information (TSI) schedules on pages 23-30 are presented for purposes of additional analysis and are not a required part of the basic financial statements.

These schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the TSI schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Murrey, Paschall & Caperton, P.C.

Rose Hill Special Utility District  
Management's Discussion and Analysis  
December 31, 2019

This section of Rose Hill Special Utility District's (District) annual financial report presents our discussion and analysis of the District's financial performance during the fiscal year ended December 31, 2019. Please read it in conjunction with the District's basic financial statements.

## FINANCIAL HIGHLIGHTS

- The District's assets exceeded its liabilities by \$5,156,517 (net assets) for the fiscal year reported. This compares to the previous year when assets exceeded liabilities by \$4,778,736. Of the \$5,156,517 in net assets, \$1,079,500 (unrestricted net assets) may be used to meet the District's ongoing obligations to customers and creditors.
- During the year, the District's operating revenues of \$1,624,053 generated from charges for services, customer charges and fees and investments for business-type activities exceeded expenses by \$390,196.

## OVERVIEW OF THE FINANCIAL STATEMENTS

Three components of the District's annual financial report include: 1) management's discussion and analysis, 2) the basic financial statements, and 3) other supplementary information.

### *District-wide financial statements*

The District's annual report includes two district-wide financial statements.

The first of these financial statements is the *Statement of Net Assets*. This is a statement of financial position presenting information that includes all of the District's assets and liabilities, with the difference reported as *net assets*. Over time, the increases or decreases of net assets may serve as a useful indicator of whether the financial position of the District as a whole is improving or deteriorating.

The second financial statement is the *Statement of Activities and Changes in Net Assets*, which reports how the District's net assets changed during the current fiscal year. All current year revenue and expenses are included regardless of when cash is received or paid.

Both financial statements distinguish the functions of the District that are principally supported by functions that collect user fees and charges (business-type activities) used to recover all or a significant portion of their costs. The District's utility operations are the utility (business-type activities).

*Utility Funds* are reported in the fund financial statements and generally reports services for which the District charges customers a fee. The District maintains one utility fund.

### *Notes to Financial Statements*

The accompanying notes to the financial statements provide information essential to a full understanding of the financial statements. The notes to the financial statements begin immediately following the basic financial statements.

## FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

As year-to-year financial information is accumulated on a consistent basis, changes in net assets may be observed and used to discuss the changing financial position of the District as a whole.

The District's net assets at fiscal year-end are \$5,156,517. Of this amount, 79.07% reflects its investments in capital assets such as land, buildings, distribution system, improvements, machinery and equipment and construction in progress, less any debt used to acquire those assets that is still outstanding. These capital assets are used to provide services to customers and are therefore not available for future spending. Please note, however, that even though the investments in capital assets are reported net of their related debt, that the capital assets themselves cannot be used to liquidate this debt, those resources must be provided from other sources. The following table provides a summary of the District's net assets at December 31:

### SUMMARY OF NET ASSETS

Assets:	Business-Type Activities	
	<u>2019</u>	<u>2018</u>
Cash and Cash Equivalents	\$ 1,220,814	\$ 935,403

Non-Current Assets, net	<u>4,375,916</u>	<u>4,472,600</u>
Total assets	<u>\$ 5,750,142</u>	<u>\$ 5,551,527</u>
Liabilities:		
Current Liabilities	\$ 220,297	\$ 214,140
Long-term Liabilities	<u>373,328</u>	<u>558,651</u>
Total Liabilities	<u>593,625</u>	<u>772,791</u>
Net assets:		
Invested in capital assets, net of related debt	4,077,017	3,976,579
Unrestricted	<u>1,079,500</u>	<u>802,157</u>
Total net assets	<u>5,156,517</u>	<u>4,778,736</u>
Total Liabilities and Net Assets	<u>\$ 5,750,142</u>	<u>\$ 5,551,527</u>

## ANALYSIS OF THE DISTRICT'S OPERATIONS

Comparative data is accumulated and presented to assist analysis. The following table provides a summary of the District's changes in net assets for the year ended December 31, 2019. Business-type activities increased the District's net assets by \$377,781.

### SUMMARY OF CHANGES IN NET ASSETS

	2019	2018
OPERATING REVENUES:		
Water sales	\$ 1,463,525	\$ 1,445,889
Customer charges/fees	<u>160,528</u>	<u>140,900</u>
Total operating revenues	<u>1,624,053</u>	<u>1,586,789</u>
OPERATING EXPENSES:		
Payroll and benefits	257,513	287,503
Water purchased	538,255	515,659
Repairs and maintenance	64,846	99,115
Supplies & analysis	14,234	7,906
Professional and legal fees	28,501	16,485
Insurance	11,812	13,188
Other operating costs	100,161	143,779
Depreciation and amortization	<u>218,535</u>	<u>208,796</u>
Total operating expenses	<u>1,233,857</u>	<u>1,292,431</u>
Net operating revenue (expenses)	<u>390,196</u>	<u>294,358</u>
NON-OPERATING REVENUES (EXPENSES)		
Interest income	1,555	1,268
Interest expense	(13,469)	(19,741)
Gain (Loss) on disposal of assets	<u>(501)</u>	<u>11,800</u>
Total nonoperating revenue (expenses):	<u>(12,415)</u>	<u>(6,673)</u>
NET REVENUES (EXPENSES)	<u>377,781</u>	<u>287,685</u>
NET POSITION - BEGINNING	<u>4,778,736</u>	<u>4,491,051</u>
NET POSITION - ENDING	<u>\$ 5,156,517</u>	<u>\$ 4,778,736</u>

## CAPITAL ASSETS

The District's investment in capital assets for its business-type activities, net of depreciation and related debt, as of December 31, 2019 is \$4,077,017. These include land, buildings, improvements, machinery and equipment, infrastructure and construction in progress.

	<u>2019</u>	<u>2018</u>
Land	\$ 148,123	\$ 148,123
Water Distribution System	6,549,790	6,427,939
Buildings	23,928	23,928
Vehicles	65,247	65,247
Machinery and Equipment	182,887	205,614
Construction in Progress	<u>-</u>	<u>-</u>
Total at Historical Cost	6,969,974	6,870,851
Total Accumulated Depreciation	<u>2,605,518</u>	<u>2,411,621</u>
Net Capital Assets	<u>\$ 4,364,456</u>	<u>\$ 4,459,230</u>

Capital assets are comprised of the various long-term assets through which the District receives, treats, and distributes the water to the residents and businesses of the area. Capital assets are depreciated over the estimated useful life of the assets and the District charges this depreciation as an operating expense. The District recognized \$216,625 of depreciation expense in 2019 compared to the prior year when depreciation was \$206,886. Capital asset items sold or deemed obsolete and any related accumulated depreciation are removed from the capital asset listing each year.

## LONG-TERM DEBT

At year end, the District had \$287,439 in total long-term loans payable to American National Bank. This compares to the prior year when outstanding debt was \$482,651. More detailed information about the District's debt is presented in the notes to the basic financial statements.

## ECONOMIC ENVIRONMENT AND NEXT YEAR'S BUDGETS AND RATES

At this time, Rose Hill Special Utility District is not aware of any decisions or conditions that would impact the District's operations through 2020.

## CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide a general overview of the District's finances and to demonstrate the District's accountability for the funds it receives. Questions concerning any of the information provided in this report or request for additional financial information should be addressed to Nanci Essary, General Manager for the District.

Rose Hill Special Utility District  
Notes to Financial Statements  
December 31, 2019

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Rose Hill Special Utility District (District) was approved by the voters within the District on September 20, 2005. The Rose Hill Special Utility District is an organization as set forth under the terms and conditions of Article XVI, Section 59 of the Texas Constitution and Chapter 65 of the Texas Water Code.

The financial statements of the District have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the standard setting body for establishing governmental accounting and financial reporting principles. Significant accounting principles of the District follow.

Reporting Entity

The Board of Directors (Board), a five member group constituting an on-going entity, is the level of government which has governance responsibilities over all activities related to providing water services within the jurisdiction of the Rose Hill Special Utility District. Members of the Board are elected by the public; have the authority to make decisions, appoint administrators and managers, and significantly influence operations; and have the primary accountability for fiscal matters. The District is not included in any other governmental "Reporting Entity" as defined by GASB in its Statement No. 14, "The Financial Reporting Entity." There are no component units presented.

*Measurement Focus, Basis of Accounting, and Financial Statement Presentation*

The financial statements of the District are prepared in accordance with generally accepted accounting principles (GAAP). The District's reporting entity applies all relevant Governmental Accounting Standards Board (GASB) pronouncements and applicable Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, unless they conflict with GASB pronouncements. The District's reporting entity does not apply FASB pronouncements or APB opinions issued after November 30, 1989.

The proprietary financial statements use the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when they are both measurable and available. Revenues are considered available within the current period or soon enough thereafter to pay liabilities of the current period. The District considers revenues to be available if collected within sixty days after the current fiscal period. Expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. However, materials and supplies inventories are not considered expenditures until they are consumed. With this measurement focus, all assets and liabilities associated with the operation of these funds are included in the statement of net assets.

Operating income reported in proprietary fund financial statements includes revenues and expenses related to the primary, continuing operations of the fund. Principal operating revenues for proprietary funds are charges for customers for sales or services and fees charged with the intention

Rose Hill Special Utility District  
Notes to Financial Statements  
December 31, 2019

of recovering costs associated with connecting new customers. Principal operating expenses are the costs of providing the water services and include administrative expenses and depreciation of capital assets. All revenues and expenses not meeting these criteria are reported as general revenues and expenses.

*Budget*

The Board adopts an annual budget for the Utility Fund. It is prepared by the general manager of the District and adopted under a basis that is consistent with generally accepted accounting principles. Board approval is required for amendments, if any.

*Other Significant Accounting Policies*

Cash and Cash Equivalents – For purposes of the statement of cash flows, the District considers cash on hand, demand deposits and all highly liquid investments with a maturity of three months or less from the acquisition date to be cash and cash equivalents.

Receivables – Accounts receivable as presented in the statement of net assets reflect the amounts that management expects to collect from its customers net of allowance for uncollectible accounts. Based on collection history, management does not believe an allowance for loss is necessary.

Inventory supplies and prepaid items – Prepaid expenses consist of items paid for in the current period to be used in the following accounting period. Prepaid supplies and materials consist of supplies and repair parts for the distribution system, valued at cost. The cost of supplies and materials is recorded as an expense when consumed rather than when purchased.

Amortization of Equity Fee and Organizational Costs - The District has assets recorded in the basic financial statements entitled “SUD Conversion Costs, Net.” Generally accepted accounting principles require that the District capitalize the costs associated with these assets and amortize those costs over a period not less than 60 months, rather than expensing the entire amount in the year incurred. The expense associated with this amortization appears in the basic financial statements as “Amortization.” The amount expensed during the year, was \$ 1,910. The amount recorded as an asset (net of amortization) in the basic financial statements at year end, totaled \$11,460.

Capital Assets - The District’s capital assets, which include buildings, property and equipment, vehicles, improvements and distribution system. Additions are recorded at cost or, if contributed property, at it’s estimated fair value at the time of contribution. Repairs and maintenance are directly expensed in the period incurred; renewals and significant improvements are capitalized and depreciated. Sales or dispositions of capital assets are recorded by removing the historical cost and related accumulated depreciation from the statement of net assets and any resulting gain or loss recorded as appropriate to non-operating income or expense.

Outlays for major (normally over \$5,000) capital asset additions and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of

Rose Hill Special Utility District  
Notes to Financial Statements  
December 31, 2019

business-type activities is included as part of the capitalized value of the constructed assets less any interest earned on the invested proceeds over the same period.

Capital assets of the District are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Furniture and Fixtures	5-10
Vehicles	5-10
Land Improvements	5-10
Equipment	7-10
Buildings	30
Distribution System	15-40

Depreciation expense for the year ended December 31, 2019 was \$216,625.

Impairment of Long-lived Assets – The District reviews potential impairments of long-lived assets when there is evidence that events or changes in circumstances have made the recovery of an asset's carrying value unlikely. An impairment loss is recognized if the sum of the expected, undiscounted future cash flows is less than the net book value of the asset. Generally, the amount of the impairment loss is measured as the excess of the net book value of the assets over the estimated fair value. As of December 31, 2019, no impairment of long-lived assets is necessary.

Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reporting amounts and disclosures. Accordingly, actual results could vary from those estimates.

Retirement Plan – The District participates in a Simple IRA plan administered by Capital Group, to provide retirement benefits for its employees. Employees may contribute up to the maximum annual amount as set periodically by the Internal Revenue Service. The District matches employee contributions dollar for dollar up to a maximum of 3% of the employee's compensation as determined by the Board annually, or the limit set by the Internal Revenue Service, whichever is less. To be eligible to participate employees must be employed full time for three months and all matching contributions vest immediately. The District's matching contributions to the Simple IRA plan during the fiscal year totaled approximately \$5,222.

Compensated Absences - District employees are entitled to certain compensated absences based on their length of employment.

Rose Hill Special Utility District  
Notes to Financial Statements  
December 31, 2019

NOTE 2 – CAPITAL ASSETS

The following is a summary of changes in capital assets for the year:

Business-Type Activities	<u>Beginning Balance</u>	<u>Additions</u>	<u>Disposals</u>	<u>Ending Balance</u>

*\*Significant additions (Backup generators, radio meters, motors and pumps.*

*\*Significant disposal (various old office and field equipment)*

NOTE 3 - DEPOSITS, SECURITIES AND INVESTMENTS

The District's funds appear to be deposited and invested under the loan agreement with the financial institution. The agreement requires the depository to pledge approved securities in an amount significant to protect the District's day-to-day balances. The pledge is waived only to the extent of the dollar amount of Federal Deposit Insurance Corporation (FDIC) insurance. At December 31, 2019, it appears that District's cash deposits were properly covered by FDIC insurance or by pledged collateral.

The District's investment policies and types of investments are governed by the Public Funds Investment Act. The Act requires specific training, reporting and establishment of local policies. The District appears to be in compliance with the requirements of the Act.

State statutes and local policy authorize the District to invest in the following types of investment goods:

- a. obligations of the U.S. or its agencies or instrumentalities,
- b. obligations of the State of Texas or its agencies,
- c. obligations guaranteed by the U.S. or State of Texas or their agencies or instrumentalities,
- d. obligations of states or agencies having a national investment rating of "A" or greater,
- e. guaranteed or securitized certificates of deposit issued by a bank domiciled in the State of TX, or
- f. fully collateralized repurchase agreements.

District investments include deposits in money market accounts at the local depository. All money market accounts are reported at share price (fair value) and are presented as cash and cash equivalents. As of December 31, 2019, Money Market Accounts rated AAAM valued \$928,904.

Rose Hill Special Utility District  
Notes to Financial Statements  
December 31, 2019

GASB Statement No. 40 requires determination as to whether the District was exposed to the following specific investment risks at year end and if necessary, certain related disclosures:

- **Credit Risk**  
Credit risk is related to the risk that an issuer or other party to an investment will not fulfill its obligations. The ratings of securities by nationally recognized agencies are designed to give an indication of credit risk. At December 31, 2019, the District was not significantly exposed to credit risk.
- **Custodial Credit Risk**  
Deposits are exposed to custodial credit risk if they are not covered by depository insurance and the deposits are uncollateralized, collateralized with securities held by the pledging financial institution, or collateralized with securities held by the pledging financial institution's trust department or agent but not in the District's name.

Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the government, and are held by either the counterparty or the counterparty's trust department or agent but not in the District's name. At December 31, 2019, the District was not exposed to custodial credit risk.

- **Concentration of Credit Risk**  
This risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. At December 31, 2019, the District was not exposed to concentrations of credit risk.
- **Interest Rate Risk**  
This is the risk that changing interest rates will have an adverse effect on the fair value of an investment. At December 31, 2019, the District was not significantly exposed to interest rate risk
- **Foreign Currency Risk**  
This is the risk that is associated with exchange rates and the possibility that they will adversely affect the fair value of an investment. At December 31, 2019, the District was not exposed to foreign currency risk.

#### NOTE 5 – OTHER INFORMATION

A. Risk management

At any given time, the District is exposed to risks of loss related to torts; theft of, physical damage to, or destruction of its assets; errors and omissions; injuries to employees; and natural disasters. Commercial insurance coverage in an amount that management believes is sufficient to cover these risks is maintained.

Rose Hill Special Utility District  
Notes to Financial Statements  
December 31, 2019

B. Commitments

The District has a contract with the North Texas Municipal Water District in which the District purchases water for distribution to its customers. The agreement notes that each year new purchase rates are provided by NTMWD. As of December 2019, the monthly rate was \$46,318.

C. Customer Deposits

Each new customer of the District is required to pay \$275 (or \$400 for renters), representing a refundable deposit to secure payment of the customer's water bill. At December 31, 2019, the District was obliged to its customers in the amount of \$287,862.

D. Litigation

The District does not appear to be involved in any litigation as of December 31, 2019.

NOTE 6 – LOANS PAYABLE

The District had an outstanding loan at year end with American National Bank of Texas. The loan requires monthly payments of principal and interest and will mature in May 2021. The original amount issued was \$2,900,000 at 3.375%. Maturities of loan balances at year end are as follows:

<u>Year Ending</u>	<u>Principal</u>	<u>Interest</u>	<u>Total Payments</u>
2020	\$ 201,973	\$ 6,708	\$ 208,681
2021	<u>85,466</u>	<u>726</u>	<u>86,192</u>
Total	<u>\$ 287,439</u>	<u>\$ 7,434</u>	<u>\$ 294,873</u>

NOTE 7 – SUBSEQUENT EVENTS

Rose Hill Special Utility District has evaluated subsequent events through January 17, 2020, the date which the financial statements were available to be issued. There do not appear to be any events occurring after year end that could have a material effect on the financial statements at year end as presented.

To the Board of Directors of  
Rose Hill Special Utility District

We have audited the financial statements of Rose Hill Special Utility District for the year ended December 31, 2019, and have issued our report thereon dated January 17, 2020. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated December 30, 2019. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

*Qualitative Aspects of Accounting Practices*

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Rose Hill Special Utility District, are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year ended December 31, 2019. We noted no transactions entered into by the District during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were:

Management's estimate of the allowance for depreciation expense is based on the estimated useful lives of each asset. We evaluated the key factors and assumptions used to develop the estimate of depreciating the estimated useful lives of each asset in determining that it is reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was:

The disclosure of Long-term Obligations in Note 6 to the financial statements as these represent significant future debt payments in the form of interest and principal.

The financial statement disclosures are neutral, consistent, and clear.

### *Difficulties Encountered in Performing the Audit*

We encountered no significant difficulties in dealing with management in performing and completing our audit.

### *Corrected and Uncorrected Misstatements*

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. These included adjustments to:

- True up depreciation expense estimate to actual schedule
- Reclass capital assets and correctly record gains for assets sold
- Reclass the current portion of Notes Payable due in 2020

### *Disagreements with Management*

For purposes of this letter, professional standards define a disagreement with management as a financial accounting reporting or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

### *Management Representations*

We have requested certain representations from management that are included in the management representation letter dated January 17, 2020.

### *Other Audit Findings or Issues*

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the District's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

- We discussed utilization of the inventory pricing module within the Ampstun software. Management expects to clean up current pricing in 2020.
- The District's manager is up to date on her Public Funds Investment Training as of 2019. In 2020 the District should look into investment options as there are multiple opportunities to increase interest earnings on excess funds currently held in the ANBTX Sweep Account at a rate of 0.27%.

### **OTHER MATTERS**

We applied certain limited procedures to the MD&A, Budget and Actual schedules, as well as the Texas Supplementary Information Schedules, which are required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

RESTRICTION ON USE

This information is intended solely for the information and use of the Board of Directors and management of the Rose Hill Special Utility District and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,
